### General Information:

**Facilities:** The two homes are located on adjoining lots in a very nice residential area. One home is 2,956 sq. ft., built in 2000. The second home is 4,400 sq. ft. There are additional living quarters available for owner, staff or guests of residents. In March 2011, the SBA ordered and received an appraisal for Real Property (from an MAI Licensed Appraiser) with a value of \$800,000.00 for the two Homes. The Real Estate must be sold together with the Business. Again, the asking price for the Real Estate is \$800,000.00.

**Growth and Expansion:** The two Homes have been operating under capacity. A purchaser can increase revenues by becoming a Pima County Provider, joining referral service networks and by not turning-away resident referrals, when it causes the homes to exceed 15 residents (the current practice). Revenues per resident are low, based on what is being charged by similar (higher-end) Homes.

**Support/Training:** The seller understands the importance of assisting the buyer in a smooth transition.

**Reason Selling:** Retirement, seller is 67 years old.

**Year Established:** 1988

**Employees:** 8 FT
